## ***Giving your Doctor your Dear Dear Doctor letter:***

***Dear Dr. [doctor's last name],***

I am writing to you today to inform you that I have prepared an Advance Serious Illness Plan for myself if I were ever to become incapacitated due to illness or injury.

The Dear Doctor Letter linked below explains my values and preferences for medical treatment, and should inform decisions that would be made on my behalf if I was unable to make decisions myself.

**[paste link here]**

Please download and print this letter and include it in my file.

Thank you for taking the time to review this document, I look forward to discussing it further at my next appointment.

Sincerely,  
**[your name]**
